"Many people think we always have time.
We say things like “I’ll do it tomorrow”
or “I’ll visit them next time.”
But sometimes... tomorrow never comes.

The Last Minutes is a simple story
about a boy named "Me".
He once missed the chance to visit
his grandpa before he passed away.

That mistake taught him
something important.
living fully doesn’t mean
doing a lot of things,

it means spending your time
with the people you love,
while you still can.

In five short chapters, Time learns that
the biggest lessons in life often come
from the moments we wish we could go back to.
